

IF AUTOMATION ISN'T BINDING YOUR JOB...

...TIME IS

The Rilecart line of automatic double loop wire binders will bind books faster than any comparable machines on the market. Fast changeovers separate these machines from pricier, more labor intensive equipment.

Bind up to **2,500 books per hour** on the B-535 and up to **4,000 books per hour** on the Rilecart B-599. An in-line punch is also available, as well as an automatic cover flipper.

“The B-535 can produce 2,500 BPH-- we can now compete on wire-o books at any quantity. ”

Bruce Boyarsky
Ocean State Bindery
Providence, RI

“We’ve bound millions of books on our B-599. I can’t even imagine going back to semi-automatic equipment.

Doug Dipaola
O & C Diecutting
Woodland Park, NJ
