

WHO ARE YOU GOING TO CALL?

Tom Imfeld - VP Manufacturing - Hatteras Press, New Jersey

“We got the job on the condition that we could start binding the books in two weeks. We needed a **high speed punch**, a **collator**, and a **double loop wire binder**. Also, we didn’t want all new equipment. After calling SPIEL ASSOCIATES, we were up and running in 10 days.

Spiel Associates reconditioned a 15 pocket Ehlermann collator and furnished us with a new Punchmaster automatic punch. They also loaned us a used wire binder while they waited for a new one to come in from overseas.”
