

STERLING WIREMASTER PRO

AUTOMATIC DOUBLE LOOP WIRE BINDER

The STERLING® WIREMASTER PRO combines both economy and complete automation. The Wiremaster Pro is a fully automatic double loop wire binder capable of binding books at the rapid speed of 3,000 per hour. The machine changes over in about twenty minutes. The operator drops a book on the conveyor and the Wiremaster Pro does the rest.

That's right — it cuts and inserts the wire, closes the wire, and delivers the book onto a conveyor. An automatic cover flipper is available as well as a near line in-feed conveyor.

Speed up your wire binding with this most, affordable machine.

STERLING WIREMASTER PRO SPECIFICATIONS
